Memo ',C'

A Cook for European patients in the Bangalore Maternity was is proposed to be permanently entertained on a pay of Rs 7 pr mensem. The post Cook has hitherto been paid from contingencies. The being irregular his employment as a permanent member of the permanent establishment is solicited.

Regarding this the C&C Municipality resolved that as nearly 60 pr cent of the persons treated are from the Civil & Military Station, the latter Municipality be asked to contribute towards the upkeep of the Institution, the total cost of which is Rs 4673 pr year, of which the Contingencies account Rs. 650.

The C&C Resident made a reference to Civil & Military Station Municipality, but the latter resolved that it was declining to make any grant towards the upkeep of the Maternity.

The C&C Municipality has thereupon resolved to return relief expenses coming from the Civil & Military Station after giving due notice to the authorities there. and to reduce the charges to Rs 2516 from next year (1894-5)

About this resolution the Resident writes

Certain observations vide
enclosure to his letter No 319 of
14th March 94

Above letter during
the absence of the Hon'ble Pantulu Garu,
was submitted to Mr Tambu Chettiar
who asked if we had a copy
of the resolution of the Station
Municipality.

He then applied for copies of
all the proceedings of the Municipal
Board of the Station which
had not been received from time
to time. But among the proceedings
received, the one refusing to
make any grant is not forth-
-coming.

There seems to be no necessity
to call for it particularly
and wait till it is received.
Whatever may be the grounds
on which the grant has been refused
the fact is it has been refused.
and if we have to deal with it.

~~The observations of the Collector~~
~~need not be considered~~

The points on which orders are necessary are
(1) the sanctioning of the Contingency.
(2) the limiting of the Maternity charges,
& the requirements of the City patients
mainly.

Note The Asst. President replied that he had sent copies of some proceedings of certain dates, but they do not form in this Branch & the General Branch says that they are not traceable in that Branch also.

Sir.

With reference to Government Proceedings No 12606/L J 43-92 dated 30th January/94 requesting to submit the report on the result of my Communication with the Civil and Military Station Municipality in regard to the Contribution payable by it towards the maintenance of the Maternity I have the honor to state that the Commissioners of the Civil and Military Station Board are —

indisposed to give any Grant
towards the up keep of the City
Maternity. The Board have since
decided to refuse relief to the
residents of the Civil and Military
Station. I was absent from the
meeting when this question was
finally decided. I do not con-
sider absolute refusal of relief
quite the proper thing to do and
I have already reported my
opinion to the Government. I en-
close extract of the Resolution
of the Board and from my letter

Extract from No 298 dated 7th March 1894 to the Chief Secretary to the Government of Mysore

19 Maternity— The Board have approved of the suggestions of the Sub-Committee that as Civil and Military Station Authorities have refused to bear a proportion of the cost and as 67 per cent of the patients treated are from that locality relief should after due notice to the above authorities be refused to persons coming from the Civil and Military Stations. The Budget provision has therefore been reduced to Rs 2516/ If the proposal of the Board should meet with the approval of Government the Senior Surgeon will be

requested to revise the Establish-
-ment and other Budget provision
accordingly. The Committee's re-
-commendation had my Concurrence
but on reconsideration I am not
quite sure whether Charitable relief
can be locally limited as proposed.
The Sufferers would be not the
authorities of the Civil and Mili-
-tary Station that have refused
to Contribute but the poor among
the inhabitants. Thus is one aspect
of the question. On the other hand
the withholding of relief might
tend to pressure being brought
by the rate-payers to bear on their
representative Commissioners and
Civil and Military Station Board.
might thus be induced to recon-
sider their resolution. I think

for myself that- while it would not- be wise to refuse relief absolutely to all from the Civil and Military Station We might- justifiably limit- our expenditure and leave the Senior Surgeon to take within that- limit- as many from the Civil and Military Station as he can without- prejudical to cases from the City.
